Agenda 4.to consider and approve the change in the purpose of using the proceeds from the initial public offering of shares. (IPO)

Facts and Reasons

This is because the Company has offered new ordinary shares to the initial public offering ("IPO") and was listed on the stock exchange on May 17, 2024 with 55 million shares. The Company received net proceeds (after deducting distribution fees and underwriting fees and other expenses related to the IPO) totaling Baht 154.02 million(Enclosure 3). The purpose of using the capital increase is as stated in the prospectus as follows:

Purpose of using money	Estimated amount (million baht)	Estimated time spent	Details
1. To be used as working capital for the Company's business operations	100.00	2567-2568	The project will be used as working capital to provide products for the Company's large-scale projects, including smart parks, smart pole projects, smart city projects, and smart street light projects.
2. To invest in office buildings, showrooms and warehouses.	54.02	2567-2568	The company has surveyed and estimated the initial construction with a total project value of about 100-120 million baht. The ratio of land value to building cost is about 40:60, and the funding source used in this project will come from a security offering of 54.02 million baht. The remainder comes from bank loans and cash flows from the company's operating results, and the project is expected to be completed by 2025.
Total	154.02		

Opinion of the Board of Directors

The Company has considered the economic situation and the government's budget plan with delayed disbursement, as well as business opportunities in the private sector, especially in the IT Solution sector, and therefore sees that the current purpose of spending money has limitations that affect the creation of maximum benefits and returns to stakeholders, both in terms of the limitations of the projects that are stated to be less flexible if there are delays in various projects.

Therefore, the Company intends to change the purpose of spending money to be flexible and in line with the overall business plan and economic situation, reduce business risks to increase the potential and create opportunities for the Company's growth and the Company's value. Acquisition of related assets and support the business of lamps and lighting equipment and IT solution business.

The Board of Directors has considered the management of the capital increase to maximize the benefits for the Company and its shareholders in order to be in line with the current operating plan and to support the plan to expand the scope of business operations and expand customer groups in various industries in the future to increase the efficiency of business operations. The Showroom and Warehouse and working capital in the Smart pole project, smart city project, and smart street light project are used to work as working capital to operate the lighting and lighting business with all customer groups, including the IT Solution business, including the purchase of products for sale and installation for customers. Acquisition of related assets and business support Lamps and lighting equipment and IT Solution business

The change will help the use of money to be flexible and in line with the overall business plan and economic situation, reduce business risks, increase potential, and create opportunities for the Company's growth and its value in a stable and sustainable manner.

Summary of investment limits or changes in expenses

Purpose of using money	Original Limit		Limit after the change		Estimated time spent
	Million baht	Percentage	Million baht	Percentage	Year
1. The Company will use the project as working capital for the Company's business operations in the procurement of products for the Company's large-scale projects, including Smart Park, Smart Pole Project, Smart City Project, and Smart Street Light Project.	100.00	64.93	25	16.23	2567- 2668
2. To invest in office buildings, showrooms and warehouses.	54.02	35.07	-	-	-
3. The purpose of the project is to be used as working capital for the Company's business operations in the provision of lighting equipment and lighting equipment to all groups of customers, including the IT Solution business, including the purchase of products for sale and installation for customers. Acquisition of related assets and support the business of lamps and lighting equipment and IT solution business.	-	-	129.02	83.77	2567- 2668
Total	154.02	100.00	154.02	100.00	

Therefore, the Company estimates that the change in the purpose of using the capital increase will not have a negative impact on the Company's business operations. The Company continues to operate the business of distributing lamps and lighting equipment and IT Solutions as disclosed in the registration statement.

The Board of Directors considers it appropriate to propose to the shareholders' meeting to consider and approve the change in the purpose of using the proceeds from the initial public offering (IPO) in accordance with the details proposed above.
